

## One Final Attack Nazis Pin Hopes for Victory On Great Spring Offensive

By DON WHITEHEAD

WITH THE ALLIED 5TH ARMY NEAR MIGNANO  
Italy, Dec. 9.—(Delayed)—(AP)—German front line soldiers  
are pinning their hopes of a victory for the fatherland on a  
great offensive next spring, which they call "Vergeltung  
schlacht"—a war of revenge.

They are told—and they believe  
—that Germany is husbanding its  
forces for one great and final  
desperate attack.

vote of 74-4. The pay proposal  
now goes to the house of representa-  
tives.

Prisoners volunteered this story today while being questioned by United States army officers.

Out of 169 prisoners questioned, however, only 15 said they still thought Germany could win the war.

Most of the Germans felt as did one prisoner. He came from Hamburg and was brought to this front on Nov. 17. He said that unless the "Vergeltungsschlach" wins for Germany "the Fatherland is lost."

On a visit here a few days ago, he said, he found Hamburg a shambles. Almost all of the city was leveled except for some homes in the suburbs.

Another German said "Germany can last another two years. Germany is one great armament factory and even after those severe air blows the country is only groggy, and will not be beaten in a few months. We have become fatalists. We have lost our homes and our property and have nothing more to lose, so why should we worry about this little bit of life?"

This young officer explained that the German people were so resigned to their fate that they had lost all sense of the value of life. He said that they had lost all sense of the value of life.

300 U-Boats 9-Month Toll

Allied Ship Losses in November Are Lowest Since May of 1940

By LEWIS HAWKINS  
LONDON, Dec. 10.—(AP)—U-boat-hunting Allied ships and boats probably destroyed upwards of 300 undersea raiders in the Atlantic from March to November, seriously crippling the submarine fleet which has been one of Hitler's main hopes for check-mating an invasion of Europe.

An announcement last night by Prime Minister Churchill and President Roosevelt said that in November, the number of U-boats sunk exceeded the number of their victims, even though increased caution by the Nazis prevented the Allied submarines with fewer targets. The statement said Allied merchant ship losses in November were the lowest of any month since May, 1940.

The exact number of German submarines known sunk during November was not announced, but it was disclosed officially at the end of October that 130 U-boats had been smashed in the six months beginning in May, when the tide began shifting strongly toward the powerful team of United States and Britain.

ONE-A-DAY TOLL

In the peak-period of May and June, and again in August and September, U-boats were sunk at the rate of one a day, and even in this rate of destruction were cut in half. It would mean that 15 more submarines were sunk in November. Drawing from this to estimate the Germans' U-boat losses for April and March, the total would come to about 300 sunk since March when, incidentally, the U-boat fleet was at its top strength of 600-plus.

It is well known that official reports along this line are exceedingly cautious. All in all, it may be that 300 would be conservative calculation for the nine-month period.

The joint statement of Mr. Churchill and Mr. Roosevelt, issued here and in Washington, said:

S.C. Candidates Will Be Chosen At Conventions

Continued from Page One  
at the afternoon session, R. D. Jorgenson, president, was in the chair. The League ended its business year with \$1,447.25 cash on hand, \$600 worth of office furniture and Social Credit literature valued at \$200. Income for the year was \$5,852, largely from subscriptions to the League paper.

"Lions" was the description of one delegate when the board reported that a stenographer in the League office, Edmonton, who acted as assistant secretary received "up to \$100 a month." The delegate, with the support of one or two others, advocated a convention aimed at instructing the board to increase this salary.

LEFT TO BOARD

The matter of increase was finally left to the discretion of the board of management.

"As you look over the whole of the world you can find only one movement and government stage between totalitarianism and individual freedom and that is the Social Credit movement and the government in Alberta," said Orlin Kennedy, Edmonton, discussing provincial policy and organization of the league during the afternoon session.

The league had two objectives, he said, first to act as the united voice of the people of Alberta and second to promote educational and political activities.

Expansion of Social Credit into a Dominion-wide organization was described by Premier E. C. Manning as a "national venture" in a radio address which was turned in at the banquet.

"If we tackle the task of building a better Canada in the true spirit of Christianity, we cannot fail," he declared.

SEES CONSPIRACY

He pictured a conspiracy at work behind the scenes to bring about something which can be identified with a free Christian way of life. The time was coming, he predicted, when there would be only two camps: those who favored the dictatorship based on materialism or those who favored true democracy based on Christian principles and in the forefront of the second camp would be Social Credit.

Other banquet speakers were David Ure, Social Credit candidate in the Red Deer constituency; A. M. Rose, Wilkenson, president of the Calgary Social Credit Constituency Association; and Hon. A. J. Hooke, provincial secretary, Fred Anderson, M.L.A., Calgary, was chairman.

The Social Crediters of Red Deer looked upon the banquet for that seat as an opportunity to show the world that "we in this province are more determined than ever before to get the results we choose want and deserve," said Mr. Ure.

Alberta led all other provinces and every state in the United States in advanced legislation pertaining to education and preventive medicine, he declared, and other parties had changed their objectives. The Social Credit Party had advanced towards the same goals for the past eight years.

SAYS C.C.F. WONT FORM ALBERTA'S GOVERNMENT

CALGARY, Dec. 10.—(CP)—The C.C.F. Party will not only not form the government of Alberta after the next election, it will not form the government of Alberta after any election.

David Duncan, president of the Edmonton Constituency Association, told the opening session of the Alberta Social Credit League convention here yesterday.

The people of Alberta must not elect a party whose leaders advocated "one policy in British Columbia, another on the prairies and still another in Ontario," Mr. Duncan declared, charging that its leaders made speeches "which require articles and letters to explain them."

BLAMES FINANCIERS

He attributed the world's present troubles to a "small group of financiers and diplomats and asked: "Are we to have dictatorship or democracy?"

Edmonton and the province owed much to Calgary, Mr. Duncan declared. "Calgary gave us William Aberhart and Ernest Manning and they in turn gave us Social Credit," he stated. He predicted that the late premier would be "one of the great figures of Canadian history."

Wareo Captured By Australians

ALLIED HEADQUARTERS, Southwest Pacific, Dec. 10.—(AP)—Wareo, a strong, natural defense point in the Huon peninsula jangle of northeastern New Guinea and an important hub of Japanese supply lines, was captured Wednesday by Australians after a six-day assault.

The capture, announced today by Headquarters, was achieved by part of the same force which late in November stormed and won the high plateau fortification of Sattelberg, four miles south of Wareo. Wareo is approximately 12 miles northwest of the Allied coastal base of Finschhafen.

The new success accelerated the campaign to drive the Japanese from the entire Huon peninsula which is separated at the closest point by 20 miles of water from the invasion base at Milne Bay. Allied air forces steadily maintained the daily series of attacks on New Britain bases closest to New Guinea.

American Samoa is 4,000 miles from San Francisco, 2,000 miles from Hawaii.

Army Hospital Command Given Bently Officer

CALGARY, Dec. 10.—(CP)—The officer commanding the army medical staff at the new C.D. Bletcher hospital is Lieut. Col. William A. Henry, formerly of Bentley, Alta., who is president of the medical boards of the Army Reception Centre in Calgary.

Lt.-Col. Henry's promotion from the rank of major was announced at Headquarters, N.D. 13, Sunday. A veteran of the last war, he was appointed to the 17th Field Ambulance, R.C.A.M.C., in 1941. He was service in Canada and England with the medical corps in the last war, and served as a pilot over the Rhine until after the armistice.

Christmas Bonuses Legal Under Order

OTTAWA, Dec. 10.—(CP)—Christmas bonuses are still legal under the government's new wage control order—provided they do not exceed \$25.

The order provides "no employer shall make any gratification payment or other gift of any kind whatsoever having a pecuniary value, other than a monetary Christmas gift not in excess of \$25."

New Oil Producer Outside of Valley Shows Good Yield

CALGARY, Dec. 10.—(CP)—For the first time in the history of Alberta, an oil well has been completed in this province outside the famous Turner Valley field with a production rate in excess of 300 barrels of crude oil daily.

The well is Taber-Province No. 17188 in the Taber field of Southern Alberta. It was drilled by the Taber Oil Company, Ltd., formerly a subsidiary of Standard Oil of British Columbia and Standard of California.

Official figures released yesterday disclosed that 22 hours ended at 8 a.m. a total of 437 barrels of crude was washed from the big new producer. This is at a rate of 550-plus a day.

Sixty-six million bushels of rice were produced in Louisiana, Texas, Arkansas and California in 1942.

1. Start your Christmas Shopping early—extending it over a greater number of shopping days.
2. Shop in the morning, if you can.
3. Carry all packages possible to carry.
4. Have a shopping list — it saves time.
5. Have a list of correct sizes — to eliminate returns.
6. Have an alternate color or style.
7. Whenever possible examine the merchandise and make your selection before obtaining the help of the salesperson. In this way two or three persons can be served at one time.
8. Permit the salesperson to divide her or his time among two or more customers.
9. If an article that is to be delivered does not arrive on the day you expect it, wait a day or two before calling the store. With limited delivery service, delays are inevitable.
10. When ordering by mail—be certain that your name and address are clearly written on the letter or order.
11. Be patient with new and inexperienced help—they are doing their best.
12. Put the location of the floors of the departments on your shopping list and thus save your time by going directly to the department you desire.
13. Mail Greeting Cards and packages just as early as you possibly can — the Post Office will appreciate this co-operation.
14. Travel by street car or bus between the hours of 10:00 a.m. and 4:30 p.m. . . . Avoid the "peak" load.

But we have only partially succeeded because of the manpower shortage. Those regular employees we have are doing their very best, and the new ones we have engaged are learning rapidly.

## To Consolidate Relief Appeals In One Campaign

**By J. H. GRAY**  
Edmonton Bulletin Ottawa Bureau  
OTTAWA, Dec. 10.—Canadian  
next year will be asked to make  
one large contribution instead of  
several smaller contributions to  
the relief of United Nations  
people. The Department of National  
War Services has completed  
a plan which will enable the  
eleven appeals made this year to  
be consolidated into a single  
campaign next year.

Under the plan devised by the  
government a full-time director will  
be appointed for the United Nations  
relief fund. He will function under  
the direction of a five-man board

of regional representatives. The various organizations already in existence, such as the Canadian Aid to Russia Fund and the Canadian Aid to China Fund will remain in operation and will have representatives on a main national committee and on provincial committees.

**GENERAL POOL**

Two months will be allotted to the relief drive. All funds raised during this time will go into a general pool and will be allocated to

The various countries by the national committees. However, the individual organizations like the Canadian Aid to Russia Fund, will be able during the year to collect money by teas, bazaars, etc., and this money will be used for Russian relief.

The present flurry over the adoption of Russian cities by Canadian cities seems headed for extinction. It has not been approved by the Department of War Services and will likely be allowed to quietly expire. The feeling here is that such campaigns would distract from one national United Nations campaign.

While the campaigns for clothing were gone over by the department it was decided to allow them to operate on the present basis. The technical difficulties involved in

The government is preparing to send a circular to all relief organizations in Canada outlining the new plan and asking for comment. Hon. L. R. LaFleche, minister of

war services, conferred at length with the executive of the Canadian Aid to Russia Fund Wednesday and agreement was reached on all points.

## Canada Will Get Million New Homes

MONTREAL, Dec. 19—(UPI)—About 1,000,000 new homes will be built in Canada after the war, Labor Minister Mitchell told the Montreal Board of Exchange here yesterday.

Mitchell said possibly his estimate was high, but "I do know that all over Canada there is a urgent need for decent housing so construction for low income families."

"We must do something about the slum areas which are sore spots in every city," he said.

A housing scheme, plus other building developments, will mean a great deal in post-war employment added.

"I think I can say that the government will lean very heavily on the men in the construction industry to assume a real share in the job of building the sort of country that those who are fighting in

His address on "the outlook for the thoroughbred" at the dinner of the Edmonton District Thoroughbred Society on Wednesday night, Lee S. Williams, vice-president, included a cheery bit of pre-Christmas news concerning the ultra-conservative, S. T. Knifing.

It appears, according to Lee, that after the western season this year, Knifing headed east where he had reasonably good success with Hoops My Dear and Frilly (he is 12, but there, isn't that Aldridge, Winnipeg?) Then after giving the two horses a three-week layoff on his return to Winnipeg, "S.T." shipped to Bay Meadows, where he is now.

Transports Edge Out N.W.D. 23-21 in Men's Basketball

## Quartermasters Defeat Hospital 41-38

### Stage Closing Drive to Gain First Victory

U.S. Quartermasters, the team that went winless in four starts in the Edmonton District Basketball League, waged a last half offensive at Westglen Thursday night and defeated Station Hospital 41-38 in the final game of the first round. A.T.C. squeezed out a 23-21 victory over N.W.D. in the opener.

Warren Taubie, the big man from Oakland, again was high scorer of the feature contest with 17, but the Quartermasters who were really out to play basketball and win, held the lower next highest marksmen to nine while Artie Albert dropped a total of 13 through the hoop to pace the Game Haas club to its initial triumph.

The game was hard-fought all the way and resulted in one of the most thrilling clashes witnessed in the E.D.B.L. this season. It was by far the best performance staged by the Quartermasters.

The winners, with George Horowitz, Jack Egan, Harold Glaser and Artie Albert firing the shots that went through the hoop, led 19-4 at the end of the first quarter.

This margin was revealed in the second quarter when the Quartermasters scored the first 18 straight points before the Hospital boys scored. They led 34-10 at the end of the second quarter.

In those two minutes, however, John Sullivan of Quartermasters and William Guthrie and scored and Ferrari landed a field shot through the iron rim which made the score read 34-10 for Hospital at the half.

**NEW OFFENSIVE**

The Quartermasters, sparking a new style offensive, came back in the third 10-minute cant and outscored the Hospital 15-10 to cut the margin to a slim four markers at three-quarter time.

It was the big one for Albert, the victory's little star. He fouled Moses Jaw Viga 8-6 before Hospital at the half.

He added 14 to the losers' even with Albert again getting the bulk of the points for his team as did Taubie for Capt. Wayne Blinn's squad.

**WINNERS GO AHEAD**

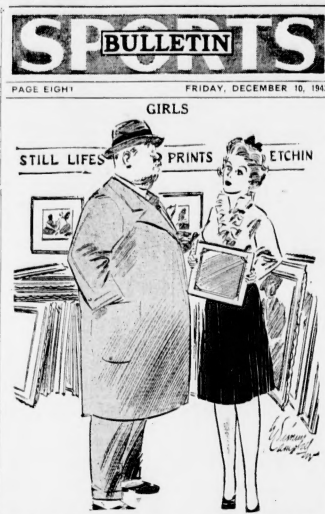

Woodring opened the final stanza with a rebound and made it 35-21, but Albert tossed one over his head which dropped through the hoop. He then fouled Guthrie, who fouled back, and Albert added a stinger.

With less than five minutes to go, the Hospital boys staged a comeback and put his squad ahead 35-24, but then the Quartermasters really played for keeps, propelling their team into a row to go ahead for the first time since they fell behind in the second quarter.

During this time when the three field goals were tallied, play became rough and tempers flared, although nothing untoward happened. The Hospital boys, however, were not serious and continued to play. When he went down after being charged by Smagula, some of the members of the Quartermasters' team rushed onto the floor and were charged with a technical foul. Smagula, however, missed the shot, as did Colver, who was charged.

Hospital made repeated attacks in the last few minutes, but were only able to count on one occasion, that being when Taubie capitalized on a free throw as Colver continued with just seconds to go and Station Hospital needing only a field goal to tie.

### Fritzie Hasn't Slightest Idea About Retiring

PITTSBURGH, Dec. 10.—(AP)—Fritzie, last of the five fighting Zivie brothers, told the boxing world Thursday he hasn't the slightest idea about retiring and would keep right on fighting in 1944—"although most of it may be for Uncle Sam's navy."

The 30-year-old former welterweight champion, who tackles tough Oscar Harris in the 1780 bout of his career here Monday, announced he will begin his 14th year in the ring by meeting Jack Lamotta for the fourth time Jan. 14 in Detroit.

The bout with Harris will be Fritzie's 12th this year, and he said he had another with Steve Marmakos Dec. 22 in Milwaukee. It has been his busiest and most lucrative year in the ring.

Zivie, father of three children, has been called by his draft board for his first physical examination but he said he didn't expect final induction until "late in January or February." He expects to go into the Navy.

The men are Johnny Maffey, 25-year-old center who received a medical discharge from the Canadian army Tuesday, and Fernand Gauthier, 23, a right winger. A third player has been promised by the Canadiens for later delivery.

Exclusive to The Edmonton Bulletin Copyright, 1945, by The United Press  
NEW YORK, Dec. 10.—(AP)—A great tempo in a telephone booth has been raised apparently by irate bookmakers who unwisely invested the life savings of their victims on the outcomes of professional football games—bookies who forgot to learn the kindergarten axiom of college gridirons:

"Comparative scores mean nothing."  
On the basis of three comparative scores in this season's professional football games, the finger of suspicion has been pointed at the National Professional Football League.

And we believe the pointing has been accurate. For professional gamblers who get clipped—but good—by this trio of contests:

Nov. 21.—The Chicago Bears beat the New York Giants, 56-7.  
Nov. 21.—The Washington Redskins beat the Chicago Bears, 21-7.  
Dec. 3.—The New York Giants beat Washington, 14-0.

STEVE OWEN TO BLAME  
GAMBLERS, who always yell "frame up" and "robbery" when the paper percentages they have figured against their victims fail to blossom into reality, raised great hue and cry after the Giants' unexpected victory over Washington—when coach Steve Owen of the Giants let Sammy Baugh of the Vashingtonians pass at will, but kept his receivers protected like so many convent girls.

For the first time this season Slimmy Sam failed to lose a game. He had lost 16 of 27 tries; but his receivers were dropped in their tracks. Meanwhile Bill Paschal of the Giants was running wild, and tearing up the bookies' percentages with this result.

The result was almost as flattering as when Notre Dame lost its fourth game to Great Lakes, and heard no cry of "frame up" after that encounter, because Notre Dame's victory had been predicted by the nation's amateur experts—the fellows who get hit on the chin week after week by sports—their own nature, guess in which they are correct, and when results are contrary to their percentages, they immediately suspect that the reverses are caused by doctored news—men, who never can see their reflections in comely mirrors.

THEY OVERLOOK UPSETS  
UNLIKE the amateur experts, professional betters live in a dream world in which facts are their rulers, guess in which they are correct, and when results are contrary to their percentages, they immediately suspect that the reverses are caused by doctored news—men, who never can see their reflections in comely mirrors.

Never can we forget that night in 1933 when Primo Carnera fought Ernie Schaaf at Madison Square Garden. Schaaf went down in the 12th, under a light left jab. He was counted out, and the gamblers yelled "diver." They yelled so loud that some of the

Canuck Internees In Sweden Want To Play Hockey

STOCKHOLM, Dec. 10.—(AP)—The Swedish Ice Hockey Association is investigating possibilities of having internees from the Swedish army and navy play Swedish teams.

My Day  
ELEANOR ROOSEVELT

WASHINGTON—I spent an hour Friday morning going over hour long conditions in the District of Columbia's section for poorer people, among whom are large numbers of our colored population. I must say I was appalled by some of the things I learned. The population of the district has greatly increased and the colored group has increased along with the white. In fact, more colored people have increased in population.

The number of houses available to the poorer people has been so small that there is a waiting list for the erection of public buildings or military roads, but there are actually less housing units and rooms available than there were before the increase in population began.

Real estate interests are making every definite effort to keep curtailing the activities of government housing. Yet it is impossible for commercial real estate operators to build adequate housing for people with very low incomes.

By the interests of a few selfish people prevail against the interests of a great many people, we are going to have slim conditions and inadequate housing all over this country. There is need to health conditions that are a menace not only to the poorer people, but to all the people of the community.

At 12:30 on Friday I went to a mothers' and daughters'
